

Each year group follows the White Rose Maths overview for each term. It is at the teacher's discretion to move units around or make use of afternoon teaching/ outdoor learning for some topic areas. Within each unit teachers are required to create a set of small steps – these may or may not be the same as the WRM steps.

EYFS

Mastering Number (NCETM Maths Hub) Number ELG		
<b>Term 1</b> Pupils will build on previous experiences of number from their home and nursery environments, and further develop their subitising and counting skills. They will explore the composition of numbers within 5. They will begin to compare sets of objects and use the language of comparison.	<b>Term 2</b> Pupils will continue to develop their subitising and counting skills and explore the composition of numbers within and beyond 5. They will begin to identify when two sets are equal or unequal and connect two equal groups to doubles. They will begin to connect quantities to numerals.	<b>Term 3</b> Pupils will consolidate their counting skills, counting to larger numbers and developing a wider range of counting strategies. They will secure knowledge of number facts through varied practice.
